

Energetic and motivated engineering student at Jyothy Institute of Technology with a passion for full-stack web development. Skilled in designing responsive web pages and experienced as a professional freelancer, I bring creativity and precision to every project. With strong communication abilities and expertise in SQL, HTML, CSS, and JavaScript, I am ready to make a lasting impact as a full stack web developer

Work Experience

Fresher

Projects

Student Management System
Developed a project to maintain students' registration, attendance and monitoring along with a timestamp implementation.
